

GO BEFORE STATE BOARD

Christian Scientists Lose Out
In the House.

THE BILL TO PASS TO DAY

Senate to Take Up the Corporation
Measure To-Morrow—Measures in
Both Houses of Local Import-
ance—House to Meet at 10.

The Legislature did very little of public
interest yesterday.

The House agreed to meet hereafter at
10 o'clock, instead of at noon. The
conference committee's report on the bill
relating to the election of town officers
was agreed to, which provides that they
shall be chosen on the second Tuesday
in June.

In both houses, bills were offered to
amend the charter of the city of Bristol,
and there were several other measures
of local interest presented in both
branches.

The House devoted the remainder of its
session to a discussion of the Harvey
bill, which regulates the practice of medicine,
and the Bland amendment for the pro-
tection of the Christian Scientists was
rejected. The bill will be passed with-
out further objections.

The Senate did but little beyond fixing
House bill No. 102, which is the meas-
ure relating to corporations, as a spe-
cial order for 12:15 on Wednesday. There
was a slight brush over the Jamestown
Exposition bill, but it went over with-
out action.

The Senate.

There were but nineteen Senators pres-
ent when the Senate was called to order
yesterday morning. The Lieutenant-Gov-
ernor in the chair.

On motion of Mr. Barksdale, of Hall-
fax, 100 copies of the Barksdale bill, as
it passed the General Assembly, were
ordered printed for the information of the
public.

On motion of Mr. Gold, the Senate
amendments to House bill 102, relating
to corporations, were ordered printed for
the information of the Senate.

On motion of Mr. McIlwaine, the same
measure, House bill 102, was made a spe-
cial and continuing order for Wednesday
at 12:15 P. M.

The House bill, to amend the act cre-
ating the bureau of labor and industrial
statistics, was recommended to the Com-
mittee on General Laws.

The first skirmish on the Jamestown
Exposition bill occurred when Senator
Lupton, an opponent of the measure, asked
that a date for taking up the bill be
set, if some Senators desired to know
just when it would come up, so that they
might be present.

Mr. Sale, of Norfolk, in charge of the
bill, asked that it be read a third time,
and that a date for taking up the bill
might then be fixed.

It was explained that the bill would
be in amending stage until it was passed.

Ending action on Senator Sale's mo-
tion, the Senate, on motion of Mr. Wick-
ham, adjourned until noon to-morrow.

ON SECOND READING.
These Senate bills were read a second
time:

Relating to treatment of consumptives,
etc.

Relating to placing of insurance.

To give consent of State to purchase
of land in Loudoun county by United
States.

To appropriate ten thousand dollars to
Virginia Normal and Industrial Insti-
tute.

To appropriate fifty thousand dollars to
the penitentiary.

These House bills were given their second
reading:

Appropriating two hundred thousand
dollars to the Jamestown Exposition Com-
pany.

For the relief fund of disabled vet-
erans.

GIVEN FIRST READING.
These Senate bills were given their
first reading:

To amend act to create State board of
pest commissioners.

To appropriate one hundred and twenty-
five thousand dollars to the Virginia
Polytechnic Institute.

To pension disabled teachers.

To appropriate sixty thousand dollars to
the Female Normal School at Farmville.

INTRODUCED AND REFERRED.
Mr. McIlwaine offered the following
bills and asked that the present reading
of them be dispensed with:

To provide for the extension through
the State Corporation Commission of
charters of corporations which have com-
pleted the provisions of the ordinance
adopted by the Constitutional Convention
on the 25th day of June, 1902.

To amend and re-enact section 2700 of
the Code in relation to when and by
whom divorce made.

To amend section 2601 of the Code as
amended by subsequent acts, in relation
to attachments against debtor removing
his effects out of this State, whether pay-
able or not.

To amend section 2602 of the Code in re-
lation to attachment against debtor re-
moving his effects from leased prem-
ises.

The bills went to the Committee for
Court of Justice.

Mr. Byars offered the following, which
went to the joint committee on special,
private and local legislation:

To amend section 136 of an act to pro-
vide a new charter for the city of Bris-
tol, and to repeal all acts in conflict
therewith.

There will be a joint meeting of the
Senate Committee on Public Institutions
and Education and the House Commit-
tee on Schools and Colleges at 4 P. M.
today.

The House.

The House was called to order at noon
by Speaker Ryan, and there was no
payer.

Mr. Bowman offered a resolution, which
was adopted, providing that hereafter

the House meet at 10 o'clock instead of

By Mr. Mort: To amend the charter of
the city of Bristol.

By Mr. Fulton: To provide for the issu-
ing of bonds by the various school dis-
tricts of the State.

The report of the Conference Committee
on the bill extending the terms of town
officers was received and adopted, it
providing for election on the second
Tuesday in June.

At 12:30 o'clock the special order came
up, which was the further consideration
of the Harvey medical bill to require all
"doctors" to submit the regular medical
examination, and Mr. Newhouse, of Cul-
peper, continued his argument in favor of
the Bland amendment to exempt Chris-
tian Scientists from the operation of the
bill.

Mr. Newhouse charged that the physi-
cians of the State were behind the bill
and had threatened members with defeat
unless they should support it, and he de-
clared that it was proposed to work a
great injustice upon those for whom
he spoke.

Mr. Heermans spoke for the bill and
against the amendment, and undertook to
reply at length to the remarks of Mr.
Newhouse and others.

The speaker appealed to the Christian
Scientists to restore the lost leg of Door-
keeper Sullivan if this was an age of
miracles, and then he declared that the
amendment was a perversion of the re-
ligion of Christ.

Mr. Lowry, of King George, spoke brief-
ly against the amendment and it was
favored by Mr. Green, of Fauquier, who
thought the Christian Scientists should
stand on the same footing with mad-
men, which were not taxed by the bill.

Mr. Bland, of Portsmouth, spoke for
the amendment, of which he was the po-
pular champion. He reviewed the long fight
and appealed to the House to adopt the pro-
position, which would leave the Christian
Scientists in their present position with
reference to the practice of their profes-
sion.

Mr. Bland closed for the amendment
and it was rejected and the House ad-
journed until 10 o'clock to-day.

ON A SPECIAL TRAIN

Ogden Party Coming About One Hun-
dred and Twenty-five Strong.

(Special to The Times-Dispatch.)
NEW YORK, April 20.—It was stated
yesterday at the office of Robert C. Ogden,
No. 78 Broadway, that Mr. Ogden's special train for the educational
conference at Richmond, would leave
here at 10 o'clock on Tuesday morning.

Mr. Ogden will have about one hundred
and twenty-five in his party.

The special train will pull into Rich-
mond at about 8 P. M., and the whole
party will take dinner that evening on
the dining cars of the train, as Mr.
Ogden's guests. After the dinner the
party will leave the train and go to their
Richmond addresses.

NOT THIRTY DAYS

Wanted to Take His Life, but Was Saved
in Time.

Thirty days in jail for reflection was
the time allotted Wiley Morris, a young
man from Henrico county, who, while in
a state of intoxication, threw himself on
a street car track in front of a car near
Hollywood Sunday afternoon. He had ex-
pressed himself as being tired of life,
but was glad when the car was stopped
before it reached him. Thirty days is
what Justice Crutchen thought he need-
ed, and he got it.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily
exercise is natural and rest is the remedy, but
there is an exhaustion without physical exer-
tion and a tired, never-rested feeling—a wear-
iness without work that is unnatural and shows
some serious disorder is threatening the health.
One of the chief causes of
that "Always-tired, never-rested condition" is impure blood and bad cir-
culation. Unless the body is nourished with rich, pure blood there is lack of
nervous force, the mus-
cles become weak, the di-
gestion impaired, and
general disorder occurs
throughout the system.
Debility, insomnia, ner-
vousness, indigestion,
dyspepsia, loss of appetite,
strength and energy, and the hundreds of little
ailments we often have are due directly to a bad con-
dition of the blood and circulation, and the quickest
way to get rid of them is by purifying and building
up the blood, and for this purpose no remedy equals
S. S. S., which contains the best ingredients for
cleansing the blood and toning up the system. It is a vegetable blood purifier
and tonic combined, that enriches the blood, and through it the entire system
is nourished and refreshing sleep comes to the tired, never-rested, body.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MONEY FOR JAMESTOWN

The Fate of the Bill Seems
Quite Doubtful Now.

HOW SENATORS STAND

Reported That the Passage of the Meas-
ure Depends on the Attitude of
Two Members of the
Senate.

The fate of the \$200,000 appropriation
to the Jamestown Exposition Company
will be decided this week, unless there
be an unforeseen postponement of the
consideration of the bill. When it comes up
in the Senate to-day on its third reading
it is expected that a motion will be made
and unanimous consent given to have the
bill set as a special and continuing order
for Thursday.

The bill, which passed the House some
time ago and has been favorably reported
by the Senate Committee, yesterday came
up on the calendar and was given its sec-
ond reading. The first skirmish over
the bill ensued when Mr. Lupton, of Fred-
erick, asked to have the bill set for some
specific date, and suggested Thursday.
He explained that he and others who de-
sired to be present when the measure
came up wished to know when it would
be considered.

FOR THIRD READING.
Mr. Sale, of Norfolk city, in charge of
the bill, expressed his approval of the
date suggested, and asked that the bill
be given its third reading, in order that
it might be set for Thursday and disposed
of that day.

Mr. Wickham, Mr. Chapman and others
were called to oppose the proposition,
the attendance being small. It was
stated, however, that the bill would be
open to amendment at any time. There
were hardly twenty members present,
however, and Mr. Wickham put an end
to the discussion by moving adjournment.

The bill will come up on the calendar
to-day and will probably be given its
third reading, after which an effort will
be made to have the measure made a spe-
cial order for Thursday.

While the friends of the bill are hope-
ful of its passage, it is admitted that
the bill, if passed, will get through by
a small margin. The advocates of the
measure are hopeful that Mr. Wickham,
chairman of the Finance Committee, will
not make a vigorous fight against the
bill, which has been reported from the
committee of which he is chairman. In
fact, it is hoped that he will make but
a formal protest against the passage of
the measure.

LEADING OPPOSITION.
Senator Lupton is known to be one of
the leading opponents of the bill, and
Mr. Seesh, of Rockingham, is also known
to be opposed to it. An effort will be made
by one or more Senators to amend the
bill so as to reduce the appropriation, but
this will be resisted by all the friends
of the exposition movement.

It was reported yesterday that the fate
of the bill hinges on the decision of two
members of the Senate, whose attitude on
the measure is not definitely known.

It is expected that there will be a large
delegation from Norfolk, Newport News
and vicinity in the city when the bill
comes up on its passage. General Lee,
Secretary Shepard and others connected
with the exposition movement are already
in the city, and are working in the in-
terest of the bill. Every Senator friendly
to the appropriation will be in his seat, it
is expected, when the fight over the pas-
sage of it comes up.

PLEASANT TRIP
Cadets Have Good Time During Easter
Holidays.

Sergeant C. A. Gibson has received a
letter from his son, J. A. Gibson, from
the Virginia Military Institute, in which
he tells of a most pleasant trip during
